🪪 Profile

Highly motivated and creative Frontend Developer with 3 years of hands-on experience building dynamic, user-centric web applications. Specialized in React.js, Next.js, and creating smooth, immersive animations using GSAP, Framer Motion, and Barba.js. Skilled at delivering high-performance, SEO-optimized websites with a strong focus on pixel-perfect design

💼 Professional Experience

Frontend Developer
09/2022 – 09/2023 | Karachi, Pakistan

- Developed and maintained dynamic, responsive websites using React.js and Next.js.
- Improved page load speed by 25% through code splitting, lazy loading, and optimizing assets.
- Integrated REST APIs and worked closely with backend developers to ensure seamless data flow.
- Collaborated with designers to convert Figma/Adobe XD designs into pixel-perfect, responsive frontends.
- Implemented animations and micro-interactions using GSAP and Framer Motion.
- Wrote unit and integration tests to improve app reliability.
- Participated in code reviews and agile sprint planning.

📁 Projects

Portfolio Website:
Built a highly animated, smooth-scrolling portfolio using Next.js, GSAP, and Framer Motion showcasing personal projects and UI/UX expertise.

E-commerce Frontend:
Developed an e-commerce frontend in Next.js with server-side rendering, product filtering, and animated transitions between pages.
